(Contents continued from back cover)

Formation of cyclodextrin inclusion complexes with corticosteroids: their characterization and stability
R.F. Vianna, M.V. Bentley, G. Ribeiro, F.S. Carvalho, A.F. Neto, D.C. de Oliveira, J.H. Collett (Brazil, UK) 205
Effect of particle size and temperature on the dehydration kinetics of trehalose dihydrate
L.S. Taylor, P. York (UK) 215

Notes
A note on the solution chemistry of carboplatin in aqueous solutions
M. Lederer, E. Leipzig-Pagani (Switzerland) 223
Effect of ion complexants on the iontophoresis of salbutamol
I.T. Degim, W.J. Pugh, J. Hadgraft (UK) 229

Book review 233
